

Acoustic Assessments for BREEAM

Within all BREEAM Assessments, there is a requirement for a suitably qualified acoustic consultant to provide a service in relation to the following two sections:

Hea13 – Acoustic Performance Pol 8 – Noise attenuation

These two sections require specialist assessments of a varying type across the different BREEAM categories such as; Industrial, Prisons, Courts, Healthcare, Offices, Retail, Education etc.

Soundtesting.co.uk Ltd are able to offer acoustic surveys/reports and specialist advice to meet your requirements in all these areas.

Soundtesting.co.uk Ltd is UKAS Accredited to carry out sound insulation testing and therefore complies with the BREEAM definition for “Suitably Qualified Acousticians”.

Nationwide Service

We have consultants working nationwide with a fast response time to any enquiry.

Other services that may be of particular interest include:

SAP Calculations and EPC's

Air Tightness Testing - BINDT Accredited

Should you require any further information or a quotation for our services, please do not hesitate to contact us with full details of your requirements.
